TORQUE WRENCHES CLICKTRONIC

Norbar Clicktronic. A series of torque wrenches with digital display and Automotive ratchet head. Combines accuracy, wear resistance and convenience with a tried and tested mechanism. Easy to read and clear OLED display. Torque control only with right hand action. The torque is set mechanically via a wheel on the rear and the value is shown on the digital display. The built-in rechargeable lithium battery is charged using a mini USB cable which is included. Fitted with a timestrip® which indicates when the tool should be sent for calibration. Accuracy ±3 %. The torque wrenches conform to or exceed the current ISO 6789-2:2017 standard. Supplied in a robust, black plastic box..
