TORQUE CONVERTER HT3-1000 NORBAR

Norbar HandTorque® HT3-1000 is a robust, compact and highly efficient torque converter designed for use in tight spaces. True torque ratio 5:1 makes it easy to set a torque wrench to reach the correct final torque. Divide the torque to be reached by the ratio of the converter and set the right value on the torque wrench. The converter is supplied with a straight and an angled counterhold for maximum versatility. Accuracy $\pm 4\%$.
